Company law

by Hannigan, Brenda. - **2018**. - Copies: 0 of 1 available

Company Law brings clarity and sophisticated analysis to the ever-changing landscape of company law. Hannigan captures the dynamism of the subject, places the material in context, highlights its relevance and topicality, and guides students through all the major areas studied at undergraduate level. The book is divided into five distinct sections covering corporate structure (including legal personality and constitutional issues), corporate governance (including directors' duties and liabilities), shareholders' rights and remedies (including powers of decision-making and shareholder engagement), corporate finance (including share and loan capital), and corporate rescue and restructuring (including liabilities arising on insolvency). The author's accessible writing style and comprehensive approach to the subject makes this an idea textbook for students of company law.

Intellectual property law : text, cases, and materials

by Aplin, Tanya Frances, - **2017** - Copies: 0 of 1 available

This book combines extracts from major cases and secondary materials with critical commentary to provide a complete resource for undergraduate and postgraduate students of intellectual property law. All areas of intellectual property law in the UK are covered: copyright, trademarks and passing off, confidential information, industrial designs, patent, procedure and enforcement. This book also tackles topical areas, such as the application of intellectual property law to new technologies and character merchandising. While the focus of the book is on intellectual property law in a domestic context, it provides international, EU and comparative law perspectives on major issues. It also addresses the wider policy implications of legislative and judicial developments in the area.
